

SMALL DOSES

The official eye-witness of the Willard Dempsey fight have not yet decided whether Willard was knocked down five times or seven times in the first round. Why not compromise on six and talk about something else?

The Bolshevik leaders in the Senate are claiming 38 votes against peace ratification, with the League of Nations a part of the treaty. Watch it dwindle when the public eye is focused on them!

Germany has ratified the treaty with surprising promptness by a vote of two to one and the war is over everywhere except in the United States Senate, where a few blood-thirsty Republicans are still fighting, and biting themselves.

They are going to try 50 prominent men of Bisbee, Ariz., for running a lot of striking I. W. W.'s out of town, who were trying to help Germany soon after America entered the war. The will of course be acquitted and their names ought to be placed on a roll of honor.

Speaking of Luke McLuke's "Names is Names," our news columns contain a notice of the marriage of Miss Pool to Mr. Waters.

T. G. Deakins, who was shot at Paterson, N. J., told the detectives not to bother about looking for the man who shot him, adding: "When I get out of the hospital I'll get him myself."

Knecht is doing great cartoon work in the Evansville Courier these summer days, while Mr. Roosa's editorials are classics. The Courier, by the way, has a new column of "Chaff" that is gaining a large following.

MENTAL PROBLEMS

By Matthew Matticks.

The jaws of a girl chewing gum move one fourth of an inch each chew and she chews 48 times a minute. If she chews one hour a day, how many days will it take for her jaws to travel a mile?

A small boy "cutting across" the corner of the yard to the side gate, makes a path on the hypothenuse of a triangle that saves 15 steps each trip. If he makes two trips a day how many miles does he save in a year?

If hogs are worth 22½ a pound on foot, what is the market value of a 200-pound man who occupies the end seat at a free show or a 160-lb. drummer who sits on one seat and put his grip and his feet on another in a crowded car?

If the ex-Kaiser has sawed up 6,000 trees into cord-wood, in six months, how long will it take him to saw himself in accord with the rest of mankind?

GOV. BLACK SPEAKS JULY 22

Will Be in Hopkinsville a Week From Next Tuesday.

Gov. James D. Black, will be in Western Kentucky counties for the next week or ten days and will speak at the Court House in this city on Tuesday July 22, at 1:30 p. m. Gov. Black has never spoken in this city and he will no doubt be given a large and enthusiastic audience, as he has a strong following in this county.

REVIVAL IN PROGRESS AT CLEVELAND AVE. CHURCH

The revival at the Cleveland Avenue Church, conducted by Evangelist Smith and the pastor of the church, is being well attended. Services are held every evening and in the afternoon at 3 o'clock. Mr. Smith is preaching a series of able sermons.

MAY KILL SQUIRRELS

The law against killing squirrels expired June 1, but squirrels are the only game which may now be killed. The dove law has another month to run and rabbits are protected all the year except the six weeks of the quail season from November 15 to January 1.

DR. J. W. GAINES OF GEORGIA ELECTED PRESIDENT OF BETHEL WOMAN'S COLLEGE

Graduate of Furman University and Ten Years Dean of Shorter College at Rome, Ga.

NOW DOING "Y" WORK IN FRANCE

The trustees of Bethel Woman's College have secured by cable Dr. J. W. Gaines, who is now in France, as President of the institution. Prof. Gaines is secretary of the training conference for 7,000 Y. M. C. A. secretaries at Paris but expects to arrive in the United States early next month, after 15 months abroad.

Dr. Gaines graduated at Furman University, Greenville, S. C. in 1891. He has done graduate work at the University of Virginia and the University of Chicago, and has had more than twenty years of successful experience as a teacher. For three years he was president of the Cox University at Atlanta and for the last ten years dean of Shorter College, Rome, Ga. At Shorter College he had charge of all courses of study and teachers and during the summer traveled in the interest of the college and was uniformly successful in securing students. Before going overseas he was in charge of the Y. M. C. A. training conference held at Columbia University and his experience there will be valuable to him as a school educator.

Dr. Gaines is one of the finest educators in the South. He is a man of unusually fine personality, who gives the immediate impression of both geniality and strength.

He is a remarkable organizer with a large outlook, patient in dealing with details, and possessed with the fixed determination to bring success. He is a splendid educator and a Christian gentleman. He is prominent in the Baptist church of Georgia. His family consists of his wife and one daughter, seven years of age.

Mrs. Gaines is now at Townville, S. C. awaiting her husband's return.

CAPT. MOSELEY OF LAFAYETTE

Home On a Visit After Taking Part in Four Bloody Battles.

Capt. E. G. Moseley, one of the heroes of the war from Christian, was in town yesterday enroute to Lafayette to visit his relatives.

Capt. Moseley has been in the regular army since 1913 and arrived in France in time to take part in four of the eight major engagements in which Americans took part. He was at Verdun, Chateau-Thierry, Champagne and in the final fight at Meuse-Argonne.

For distinguished gallantry at Champagne he was cited for his bravery and heroism. Two Christian county boys received this distinguished honor and so it happened that both were from Lafayette, a town named in honor of the French Marquis. Richard Moorefield was the other.

Capt. Moseley will be at home for awhile on a leave of absence, but has not been discharged. He is a fine young fellow, every inch a soldier, but withal bears his honors modestly.

LITTLE GIRL KILLS SELF

In a Most Unusual Accident, Near Allegree Wednesday

While trying to climb in a window at her home near Allegree by standing on a pile of bricks, Wednesday Bertha Lee Kirkman, aged 10, lost her balance, and falling pulled the window down, which fell across her neck and strangled her to death. Her sister found her dead sometime later. Her parents were absent from home, in this city. She was a daughter of Mr. and Mrs. Ben Kirkman.

SAVED BY A MIRACLE

REMARKABLE ESCAPE FROM INSTANT DEATH OF WM. A. LONG.

CAUGHT UNDER A DERRICK

Pinned to the Ground With Only Half An Inch to Spare and Helpless to Move.

Wm. A. Long, Superintendent of construction for the Forbes Manufacturing company and one of Hopkinsville's most prominent citizens, had a remarkable escape from instant death Thursday, while looking after the work of the Melton-Ellis Garage on the site of the old Methodist church.

A heavy iron derrick used to hoist the frame work became unsecured in some way and began falling directly towards Mr. Long, who was standing near. In attempting to get out of the way, he tripped and fell flat on his back, on some loose bricks lying on the ground, just as the huge derrick came squarely upon him, as he lay on the ground. The end of the derrick struck upon a small pile of bricks beyond Mr. Long and the impact barely enough of it held to protect the prostrate man from death. The beam came squarely across his chest, knocking him senseless for awhile and pinioning him to the ground. A fall of half an inch more would have crushed the life out of him. As it was, when taken out he was but slightly bruised, and sick at his stomach from the shock. He soon revived and assumed his duties apparently not much worse off from his terrible experience.

WORK IS BEING PUSHED

Work On City Bank Building Being Pushed to Finish—To Be Fine Building.

The work on the new addition to the City Bank is being rapidly pushed and the building will soon be one of the most beautiful and also one of the best equipped and up-to-date bank buildings in Western Kentucky. The building next door to the bank and which was formerly occupied by Elgin's Drug Store has been torn down and rebuilt but the work has been done from the interior without taking away the front wall and many people did not know that any work was being done until the tearing away of the front wall was begun a few days ago.

The present bank building and the new structure will be merged into one, with the same stone front. This building when finished will be a great addition to the city and will help to beautify North Main street and boost Hopkinsville.

Street-Jefferson

The engagement of Miss Dorothy Jefferson and Mr. Shelby Street, of Cadiz, has been announced, the marriage to take place in September.

ARREST 51 FOR BISBEE AFFAIR

PROMINENT MEN MADE DEFENDANTS IN DEPORTATION OF I. W. W. IN 1917.

EXPECTING MORE COMPLAINTS

Deportations Grew Out of Strike of Copper Miners on June 26, 1917.

Bisbee, Ariz., July 11.—Fifty-one men, many of them prominent locally and over the State, have been arrested for alleged participation in the deportation cases of July 21, 1917, when more than 1,100 alleged members of the I. W. W. and their sympathizers were taken out of town. All gave \$2,000 bond. Sixty-four men have been named defendants in complaints filed before Judge W. G. Jacks of Douglas, who came here for that purpose.

Several hundred more complaints it is expected, will be filed and fifty more arrests are expected in the next three days, although according to Assistant County Attorney Roark, "it is not unlikely that further arrests will be delayed until the outcome of the trials of those already arrested is determined. It is possible that these first cases will be used as test cases."

Even since the morning of July 21, 1917 when 1,186 mine workers and their alleged sympathizers were forcibly driven from Bisbee, the deportations have been a source of discussion in this State and throughout the West.

After the deportations the United States grand jury indicted twenty-five of the most prominent men in Arizona, copper company officials, county officers and private citizens on charges of conspiracy to deprive private citizens of their constitutional rights. On December 3, last, Judge William W. Morrow of San Francisco sitting in the United States District court at Tucson, quashed the indictments when the trial was called. The United States Government immediately appealed from Judge Morrow's decision and today the case is pending in the supreme court of the United States.

JOHN FOX, JR. PASSES AWAY

Kentuckian One of America's Most Popular Writers of Fiction.

Knoxville, Tenn., July 8.—John Fox, Jr., a well known novelist, died at his home at Big Stone Gap, Virginia, today, after a brief illness of pneumonia.

Mr. Fox was one of America's most popular writers of fiction, his novels dealing with the life of the mountain people of the South. His leading books are "The Little Shepherd of Kingdom Come," "Trail of the Lonesome Pine," "The Kentuckian" and the "Heart of the Hills."

He was born in Bourbon county, Ky., fifty-six years ago.

Paris, Ky., July 9.—The body of John Fox, Jr., who died at Big Stone Gap, Va., last night, will arrive in Paris Friday morning, and will be taken to the residence of Miss Susie Simms, Military avenue. The funeral will be Friday afternoon at 5 o'clock in the Paris cemetery, conducted by the Rev. W. E. Ellis, pastor of the Paris Christian church.

R-34 MAKING GOOD TIME

AIDED BY WESTERLY WIND, BIG DIRIGIBLE AVERAGES 60 MILES AN HOUR

BEST TIME OF WHOLE TRIP

Attained 75 to 80 Miles at Times and May Finish Trip Saturday.

Washington, July 10.—Aided by a westerly wind that sometimes reached velocity of nearly 40 miles an hour, the British dirigible R-34 tonight was well out over the Atlantic on the return trip to East Fortune, Scotland, after a stay of 86 hours in America.

The last message from the airship received here late today by the navy department, gave her position at that time as 650 miles due east of Bar Harbor, Maine, and more than 1,000 miles from Mineola, Long Island, from which she started last night.

The dirigible, according to wireless reports received here by the navy department throughout the day, average more than 60 miles an hour for the 15 hours hours of the return flight and at times the big airship's speed reached between 75 and 80 miles an hour. The dirigible thus was making better time than at any period of the flight to this side of the Atlantic and if the weather conditions remain favorable, naval officers here believe Maj. G. H. Scott, commander, and members of the R-34's crew will see British shores early Saturday.

BAND CONCERT THURS. NIGHT

Community Singing Under Direction Of Prof. Hohgatt Feature of Concert.

Thursday night was band concert night and the usual large crowd was on hand to enjoy the music. The band concerts have brought Virginia Park closer to the hearts of the people of the city and every night large crowds may be seen sitting in the park enjoying the cool of the evening.

Thursday night was also community singing night and Prof. Hohgatt led the large crowd in the signing of "America" and "My Old Kentucky Home." Following is the program:

- 1.—March, Stars and Stripes Forever
- 2.—Medley Overture, Remick's 17a, arr. by Lampa
- 3.—Community Singing, "America" and "My Old Kentucky Home," led by Prof. Hohgatt.
- 4.—Mexican Serenade, Jovitta
- 5.—Song for Cornet (requested), Silver Threads Among the Gold.
- 6.—Humoreske, Anton Dvorak
- 7.—Waltz, Enchanted Night
- 8.—Grand Selection, Faust

Washington, July 11.—The peace treaty with its League of Nations covenant was laid before the Senate by President Wilson in an address accounting to the country for his part of the negotiations at Versailles.

The League, declared the President, was born of the conviction of practical statesmen that an international concert had become a necessity to end the old order and guarantee civilization. He asserted that in such a concert the world looked confidently to America for leadership and added that while the treaty might not be exactly as the American delegation would have written it, no vital principle had been sacrificed by the necessary compromises.

The Senate, already divided in a bitter fight over the League proposal, received the President with cheers and listened to his words in a grave silence. When he concluded there was another burst of cheering until he had passed out of the chamber and had gone to his capitol office where he talked for an hour with Senators who wished to ask about specific features of the treaty or of the negotiations. In these conferences the President discussed freely subjects as the disposition of Shantung, the German indemnities and Irish freedom.

In his address, however, there was no direct reference to many of the questions around which senate debate has centered, the president declaring he could not construe details of the treaty in a short address. He did not mention directly the Monroe Doctrine, Shantung or the obligations assumed under article ten of the League covenant, nor did he allude to the proposal to write reservations into the ratification. He asserted a hope that he would be given opportunity to discuss details later, either with the whole senate or the foreign relations committee.

"My services and all the information I possess," said Mr. Wilson, "will be at your disposal and at the disposal of your committee on foreign relations at any time, either informally or in session, as you prefer, and I hope that you will not hesitate to make use of them."

American Isolation Ended. American isolation, the President asserted, was ended twenty years ago when the war with Spain put the nation in partial control of Cuba and the Philippines.

Republicans Did Not Applaud Wilson. President Wilson was hazed in a most remarkable way by the Senate when he appeared to speak on the League of Nations. Republican Senators sat like statues and did not applaud when he arrived, when he departed or at any time during his address. A few Democratic senators joined in the hazing. Only one Republican Senator, Senator McCumber applauded at any time. The galleries however, made up for the lack of enthusiasm on the senate floor.

MR. DALTON RE-ELECTED

Following the announcement that William is to be exiled and not executed, there is a great rush of notoriety seekers to take his place. Five of his six sons who survived the war have offered to stand trial for him. Frederick William, with troubles of his own, threatens to do something terrible if they try to arrest him.

The wets in the county or at least the leaders of that faction in the Democratic party seem to be turning to Carroll almost to a man, while the country Democrats who are strongest for prohibition are nearly all for Black. The anonymous circular sent out some time ago, attacking Gov. Black and traced to the friends of Judge Carroll, has been followed by a circular letter boosting the Judge for Governor.

Biblical Thrift.

The Scriptures give us many lessons in thrift. Ezekiel warned the children of Israel that during the siege of Jerusalem they would have to be thrifty. He said: "Take thou also unto thee wheat, and barley, and beans, and lentils, and millet, and fitches, and put them in one vessel, and make thee bread thereof."—Ezekiel iv: 9. The Bible shows that Ezekiel ordered the children of Israel to eat their meat by weight, and even thus only "from time to time."—Thrift Magazine.

Most Valuable Garnets.

The oriental garnets are the most valuable and beautiful. They come principally from Pegu; and the town of Sirian having formerly been the chief mart for them, they are hence by corruption known among lapidaries by the appellation of Sirian-garnets. They appear to be the carbuncle of the ancients; their color is crimson, varying into a very red violet; they are transparent, and have a conchoidal fracture.

The Valley of Delay

Many of us are in the Valley of Delay for no other reason than lack of pushability—lack of stickability—lack of an ideal—which is the steam generating the motive power to climb the grades of the mountains of opportunities. We have the best of intentions—we make starts—but when the grade becomes a little steeper the cold winds from the mountains chill our good intentions—we take a side tract in the Valley of Delay—awaiting a seemingly more auspicious time—letting those who have an ideal—plenty of steam—get the right-of-way and climb the mountains of opportunities.

The Valley of Delay has many sidetracks. The longest one is questionable pleasures. Useless extravagance has many sojourners. Dissipation and bad management switch some of the trains, but the main tract is rock ballasted, and those fired with ambition will keep it until the arrive at the destination of their hopes.

Home building should be the hope, ambition and ultimate destination of every man and woman. But—may be resting on the various sidetracks in the Valley of Delay. We have not our ambition fired up. We have set up for our standards false ideals, letting pleasure, extravagance, dissipation and speculation get the upper hand, stifling our desires for the better, nobler things of life.

Home building is an opportunity. Its planning and keeping a lifelong pleasure. Its financing will teach wise management and the avoiding of extravagance. Characters are developed in homes so that the follies and dissipations of the underworld will not appeal to the average home builder.

Then there is that satisfaction resting in the breast of the home builder that he has fulfilled a civic obligation and is a real citizen—in the true sense of the word—a builder contributing his share to the development of his city.

In Hopkinsville there are mountains of opportunities for the home builder. If you are sidetracked in the Valley of Delay it is your own fault. But the Main Line is open—throw the switch and join the ever-increasing ranks of progressive, happy and contented home owners in our community.

KINCHELOE IS ACTIVE

Takes Prompt Steps To Secure Federal Court Here, On Request.

Secretary Dalton, of the Hopkinsville Business Men's Association, has received a letter from Congressman Kincheloe acknowledging receipt of a copy of the resolutions recently adopted by the Hopkinsville bar and endorsed by the H. B. M. A. asking that a Federal court be established in Hopkinsville.

Mr. Kincheloe states that he will introduce a bill in Congress providing for a Federal Court in Hopkinsville with two sessions to be held each year. These will be for two weeks each to begin the first Monday in February and the first Monday in June.

He also states that he is pushing the bill to give Hopkinsville at least two of the captured German cannon and one for the Jefferson Davis Park, Fairview, and hopes to secure these soon.

Superstitions of Seamen.

If a man is ill at sea, his most critical time is when land is first sighted. If he survives an hour after the sighting of land he will recover. On some trawlers whistling is forbidden—it scares away the fish. Other skippers believe that to wash your face in the middle of a trip will break a spell of calm weather.

Protection From Live Wires.

For the sure protection of linemen handling live wires a pair of gloves inside and one outside of the rubber gloves have been recommended. The woven fabric inside glove takes up perspiration and shields the rubber from the finger nails and a leather gauntlet over the rubber glove protects from outside mechanical injury, aids in grasping tools and keeps the hands warm in winter.

Chinese Cooks.

It is said by those who have employed them that the Chinese always cook by rule, if they have any rule to go by—following the receipt with the same scientific exactness with which the druggists put up a prescription. Hence their results are equally satisfactory. They never burn or spoil anything, nor spill materials on the floor; consequently, nothing that goes through their hands is wasted. They cook just enough and no more.—Hotel Gazette.

Helmets Worn by German War Lords on Exhibit at Methodist Centenary Celebration

THREE helmets, absolutely guaranteed to have been worn by the former Kaiser William of Germany, Von Bethmann-Hollweg and General Ludendorff, will be on exhibition in Columbus, O., as a part of the Methodist Centenary Celebration, June 20 to July 13. They were brought out of Germany during the revolution by Lowell Thomas, world traveler and explorer, whose travelogues will be given in Columbus as a feature of the celebration.

Thomas entered Germany at this most critical period, without pas-

ports or authority of any kind. To do this he was forced to hide out for days on the border. He was turned back twice, but on his third attempt succeeded in getting past a Swiss guard. He made some wonderful pictures in Berlin, showing street riots and the general chaos of the city at that time.

In addition to these views and incidental lectures, Mr. Thomas will show pictures taken in Palestine at the time of General Allenby's occupation. Thomas accompanied the British troops on this expedition.

Leading Lady In 'The Wayfarer' at Methodist Centenary Celebration

M. E. BLANCHE YURKA creates the role of Understanding, leading female part in "The Wayfarer" pageant, which will be presented at the Methodist Centenary celebration in Columbus, O., June 20 to July 13. Henry Herbert, English Shakespearean interpreter, will have the other leading role.

Nearly 1,000 costumed characters will appear in the majestic religious pageant which will be presented every evening during the celebration in the Coliseum at the exposition grounds. The Coliseum boasts of the largest stage in America and seats 8,000 persons. A seated chorus of 1,000 trained voices will augment the effectiveness of the pageant.

Soloist in 'The Wayfarer' at Methodist Celebration

MISS HELEN NEWITT, dramatic lyric soprano, will be the soprano soloist in "The Wayfarer," the great religious pageant which will be presented as a part of the Methodist Centenary celebration in Columbus, O., June 20 to July 13. Henry Herbert, English Shakespearean interpreter, and M. E. Blanche Yurka, will have the leading speaking parts. Viola Ellis, contralto, will be a soloist.

JUST THINK OF THIS BOY

Item From Note Book of Red Cross Nurse Quoted by Secretary Glass.

Carter Glass, secretary of the treasury, copied the following note, among others, from the note book of a Red Cross nurse when he was in France: "One boy I shall always remember. His right shoulder was practically all shot away and he had a big wound in his back and one in his left eye. But he sat straight up and wouldn't let anybody help him. He didn't say a word while they pulled off the tight clinging gauze from the red, raw, wet flesh that quivered in spite of him. When the first wound was finished all he said was:

"Do you think I could rest a minute, Doc, before you do the second one?"

"Red, raw, wet flesh"—American flesh. It was not yellow. Think of that when you are asked to buy of the Victory Liberty Loan, ye who think ye have done enough.

HANG ON!

Don't forget! Liberty Bonds are going above par. That is why brokers are advertising for them. Brokers know. Be wise. Hang onto your bonds.

Cyclones and Tornadoes.

The so-called "cyclones" of the West are "tornadoes," which are whirling storms of great violence, but contracted in area. Tornadoes have been known whose greatest width did not exceed a few rods, and those which exceed several miles in width are very unusual. The ordinary storm, where the wind attains a velocity of 40 to 60 miles an hour, has nothing in common with either a cyclone or tornado. It is a straight rush of air and does not whirl at all.

DISQUIET SEEN AMONG SLOVAKS

Honeymoon of Revolution Passes and Disillusion Comes Upon Them.

THREE ELEMENTS IN NATION

New Government So Far Has Recognized but One of Them in Rule—Magyars and the Peasants Are Ignored.

Pressburg, Slovakia, Bohemia.—Generally speaking, the situation in Slovakia, formerly a province of Hungary, now annexed to Czechoslovakia, is not without disquieting features. The honeymoon of the revolution has passed and some of the disillusionment bound to follow the introduction of a new regime has set in. The Magyars and the Magyarized elements have not as yet been reconciled to the new regime, and the peasants have recovered from their first enthusiasm. A difficult task of reconciliation remains to be performed by the Czechs.

The population of Slovakia is made up of three elements—Slovak intelligencia, which has always been very strong for the union with Bohemia; the Magyars and Magyarized Germans, and the peasantry. The intelligencia has been completely satisfied by the Czechoslovak government. The administration has been handed over completely to the very small number of Slovak doctors, lawyers, authors and professors that could be mustered for service.

Magyars Ignored.

Meanwhile the Magyars and Magyarized elements have been quite ignored by the government except where the government could not find a Slovak to fill the job. Intense loyalty to the old Hungarian rule characterizes these people. They could be reconciled to new conditions were they taken into the Czech administration. But the government at present prefers to fill the vacancies left by the Slovak intelligencia with officials from Bohemia and Moravia. This naturally angers both the Magyarized element and those Slovaks who are unfit but would like to occupy all the jobs.

A decided sentiment for real local autonomy is making itself felt. On the whole, the government may not be opposed to granting an outspoken demand for home rule in the province. The peasants do not take much interest in theoretical politics. They complain that the republic lasted only three days. By this they mean that they were allowed to plunder the Jews for only three days in the interval between the withdrawal of the Hungarians and the arrival of the Czechs.

During this time the peasants had a very free hand. There were very few towns or villages where they did not completely clean up the Jewish population, who are the shopkeepers and small traders, and at times lessors of estates. Now the peasants have no longer the Jews to plunder their interest in the new state has diminished. They were kept in a state of illiteracy by the Hungarians and therefore are by no means ripe for real self-government. However, just now they are very bitter because they claim the Czechs take their food supplies away.

Bolshevism Not Popular.

Bolshevism has not taken a great grip on the peasantry. Slovakia is largely an agricultural district and we know farmers are always the most conservative element. In the few industrial communities in the more mountainous north and east a certain amount of unrest has developed. In Kassav, far eastward, the large mills are not working and the food situation is very bad, as it is in most of the industrial districts. Here the workmen hold meetings and growl in bolshevik tone. Naturally Kassav is rather near the Hungarian border. So that bolshevism there would be natural. In the other industrial districts the workmen seem to have taken out their class-consciousness in making big demands upon their employers. Not unusual was it for workmen to come to their employers and demand that they receive a percentage of all profits accrued since the war's beginning. With all this discontent the food situation is very much involved. The mountainous, which happen to be the industrial districts are mostly very short of food and clothes. Many factories where leather and other products of the land are used function part time, but the men have not enough to keep themselves and their families in food. In some localities there are not even enough potatoes. Hence, as in some districts of Bohemia, the trend is toward bolshevism.

Generally speaking, Slovakia would not be the first province to go up in anarchic flames. For the time being the bolshevik overturn in Hungary has had indeed a rather quieting effect on Slovakia. The wealthy or well to do who were most attached to their old fatherland now do not relish the idea of returning to a Hungary which will take all their property.

Now They're Married.

San Francisco.—"I have loved your dear eyes—" ran a letter John Metzner dictated to his stenographer, Miss Rivers. "Who's it going to?" she asked. "Address it to yourself," said John. Now they are married.

METHODISTS SHOULD GATHER NEW ZEAL

Centenary an Inspiration Says Dr. Fisher.

Dr. Fred Fisher of New York, who has been assistant executive secretary of the Methodist Centenary drive, has turned his entire organization to the job of mobilizing Methodism in Columbus, June 20 to July 13. In outlining the campaign he has placed before 78,000 committeemen of the Methodist Church, he says: "We must stress four things. First, this will be a big Victory Celebration. The Methodists of the United States have lived more in the past year than in any 10 previous years of their existence. Now is the time for them to get together and celebrate their victory."

"In the second place, this is an opportunity for Methodists to have visualized the scenes and activities of which they have been talking for the past year, but of which they have no personal knowledge. Of these 78,000 men, only a negligible per cent has ever had the opportunity of going abroad. At the celebration they can get the trip around the world at their convenience."

"Third, this is the time to 'finish the job,' to gather inspiration and information to enable the organized workers in the church to carry out the program which has been mapped out for the next four years."

"Fourth, and most important of all, if the Celebration realizes the ideals which those who are back of it hold, it must be the inspiration for planning work for the next century. As we look upon the marvels that have been accomplished we should gather new faith and new zeal for enterprises that can be measured only in terms of another century. We must, in a word, weld ourselves together in a great spiritual purpose to strike the bull's eye."

Dr. Fisher indicated that 150 trained executives, in addition to the 78,000 volunteer workers, will stimulate interest in the Centenary Celebration during the next six weeks.

JULY 7 NEGRO DAY

Trips Planned For Visitors to Methodist Centenary.

Negro Methodists, in Columbus at Centenary Celebration visitors, will make a pilgrimage to Upper Sandusky, birthplace of the Home Missionary movement, to honor the memory of its founder, John Stewart, a man of their own race. The trip is scheduled for Saturday July 5.

Other trips planned include a visit to the grave of Ben Hanby, author of "Nellie Gray," in Otterbein cemetery, to Ohio Wesleyan University, Delaware; perhaps in smaller numbers to Wilberforce, and possible to Oberlin, where so many found, by underground route, safe haven in Civil war days.

Monday, July 7, has been designated officially as "Negro Day," and will be observed at the Centenary Celebration grounds with an elaborate program of pageantry, addresses, special music and parades. For this occasion, Dr. W. E. Dubois, editor of "The Crisis," published in New York, has written a pageant, "The Star of Ethiopia," which will be produced in the Coliseum by colored participants. The theme of the pageant is the evolution of the race traced through progressive stages of achievement to the present day. A chorus of 500 voices, all Negroes, sent the pageant music.

HILL HOUSE IS SOLD TO T. W. GARNETT

Sale At Public Auction And Price
Was \$15,600—Contains Two
Houses.

The Hill House property fronting 60 feet on Ninth Street and running back 165 feet to Eighth street, containing two houses, was sold Thursday by J. L. Freedman to T. W. Garnett for \$15,600. Mr. Freedman bought it about two years ago for \$14,500.

The property, formerly the residence of the late H. G. Abernathy, was sold 25 years ago for \$2550, with the front building on Ninth St.

It was bought by Mrs. J. D. Hill who ran it as a hotel and later built the brick house fronting on Liberty street. After Mrs. Hill's death the property, then known as the Hill House, was sold to Mr. Freedman who has leased it for hotel purposes.

The new owner has not announced what use he will make of the property, but it will probably be converted into a business house.

The sale as a whole brought \$30 more than in lots.

Prizes aggregating \$10 were given away, \$5 being drawn by Hubert Ficken, \$2.50 by a man named Gray and \$2.50 by a man named Graves.

This property is located in the heart of the Ninth Street business section, and just across from the postoffice and is very valuable as was attested by the interest shown in it.

The sale was made by the Crawley-Campbell Auction Co., with Col. Gill Moore, of Nashville, as auctioneer. In the afternoon the same day they sold a large sub-division of lots two miles east of town on the Nashville Pike.

This tract had been divided into twelve lots ranging from 8 to 17½ acres.

Lot No. 1 was bought by Maxie Blythe for \$175 per acre.

Lot No. 2 was sold to Mrs. R. A. Shadin at \$175 per acre.

Lot No. 3 was sold to W. T. Dougherty at \$175 per acre.

Lot No. 4 was sold to J. E. Stevenson at \$175 per acre.

Lot No. 5 was sold to J. E. Stevenson for \$175 per acre.

Lot No. 6 was an improved tract of 17½ acres and was sold as a whole to S. Y. Trimble for \$5,050.

Lot No. 7 went to S. Y. Trimble for \$152.50 per acre.

Lot No. 8 was sold to S. Y. Trimble for \$152.50 per acre.

Lot No. 9 went to S. Y. Trimble for \$152.50 per acre.

Lot No. 10 went to W. T. Dougherty for \$130 per acre.

Lot No. 11 went to W. T. Dougherty at \$130 per acre.

Lot No. 12 went to W. T. Dougherty at \$125 per acre.

WHEN GIRLS ARE BAD IT'S DUE TO THEIR HAIR

Rochester, N. Y. July 9.—The effect of coiffures on manners of delinquent girls was described today to a legislative committee hearing charges against Flora P. Daniels, superintendent of the Western House of Refuge.

Mrs. Aurilla T. Desmond, a former matron in the institution, who resigned, testified that formerly the girls were not allowed to wear their hair fluffed or curled, but had to have it plain. Mrs. Daniels did not care how the arranged their hair, the witness said.

"When they were allowed to wear their hair fluffy or curly," declared Mrs. Desmond, "they became coarse in their manners."

Judge John D. Carroll will speak in Cadiz Monday.

store Order.

Washington, July 9.—With the return of President Wilson from Paris, there is every indication tonight that he will give careful consideration and prompt attention to the Mexican situation, which has been steadily reaching the point of tension, under which something seems sure to snap.

No authoritative announcement is yet forthcoming from the White House or the State Department regarding the manner in which the various pressing Mexican problems are going to be approached, but the statement was made to the Courier-Journal and New York Times reporter tonight by a man who usually is correctly informed, that President Wilson will soon appear before Congress and make a special address on the Mexican problem, dealing with the matter along the same lines of the famous McKinley message to Congress which led to intervention in Cuba. The same causes and motives which led to intervention in Cuban affairs by the United States Government in 1898, may be cited in support of definite action by this Government respecting Mexico in 1919.

NO "DRUNKS" HAVE BEEN ARRESTED SINCE THE TOWN WENT DRY

Owensboro, Ky., July 9.—Prohibition has cut down the Police Court activity in Owensboro. After seven days of drouth in this city, the business of reorganizing the police force with a probability of a reduction in the number of policemen is to be considered by the city commissioners. During the entire seven days there has not been one arrest for drunkenness, and on Monday morning, the day preceding the enforcement of the war prohibition measure, there were nineteen white persons presented to Judge Pinkston charged with drunkenness. Many were old offenders, and Judge Pinkston, desiring to perform a sympathetic act, filed all of the cases away. Four saloons have decided to quit business, while 25 are keeping open selling soft drinks, still having hopes that President Wilson will come to their rescue.

30 BILLION IS U. S. WAR COST

Glass Says Further Bond Issue Not
Necessary For Four
Years.

Washington, July 9.—The war cost the United States \$30,177,000,000 up to June 30, 1919.

Secretary Glass made this estimate today in submitting to the Congressional Appropriations Committee the preliminary statements of the treasury on the condition of the nations finances.

He arrived at the estimate by subtracting the average peace-time expenses for the same length of time, at the rate of \$1,000,000,000 annually, from the total expenditures, \$32,427,000,000 annually from the total expenditures, \$32,427,000,000 during the war.

200 U-BOATS LOST BY HUNS TO SET RECORD

Allies Accounted For 186, Crews
Blew Up 14 and Seven
Were Interned.

Washington, July 9.—Almost 200 German U-boats were lost to Wilhelm before the armistice, according to statements from the Vossische Zeitung, quoted in an official report received here today. The German paper also gave what is said to be a complete list of the German naval losses during the war.

Of the U-boats, eighty-two were lost in the North sea or Atlantic; 3 in the Baltic; seventy-two off the coast of Flanders; sixteen in the Mediterranean, and five in the Black sea. Fourteen were blown up by their own crews and seven interned in Neutral harbors.

Other naval losses recited by the Vossische Zeitung, included:

One battleship (ante-dreadnaught type); one battle cruiser, eight modern and ten smaller cruisers, seven gunboats, three river gunboats, forty nine destroyers, twenty large and forty-one small torpedo boats, twenty-eight mine sweepers, nine auxiliary cruisers, and 122 trawlers and auxiliary vessels.

According to the newspaper, the loss in killed was as follows:

Navy—Officers, 946; petty officers, 5,222, and 12,686 hands.

Marines—Officers, 328; petty officers and N. C. O.'s, 1,488, and 8,809 men.

In Tsingtau, ten officers, thirty-three petty officers, and 163 men were lost.

TOBACCO CROP TO SET RECORD

1,453,000,000-Pound Production in
Prospect; Wheat Total is
Cui.

Washington, July 9.—Wheat production prospects were cut into heavily as a result of plant diseases and other conditions during June and a loss of 75,000,000 bushels from the June 1 estimates was indicated today in the Department of Agriculture's July forecast, which placed the output at 1,161,000,000 bushels. Winter wheat showed a loss of 54,000,000 bushels and spring wheat 21,000,000 bushels. The winter wheat crop, nevertheless, will be the largest ever known.

Corn production was forecast at 2,815,000,000 bushels, 132,000,000 bushels larger than last year's crop. The acreage is 4.2 per cent. less than last year's.

Tobacco with a production forecast of 1,453,000,000 pounds, will be a record crop. While potatoes production will be smaller than last year, but the sweet potato crop promises to be a record one.

The oats crop is slightly smaller than last year, but larger than the five-year average.

AMERICAN TROOPS STILL TO GUARD GERMANY

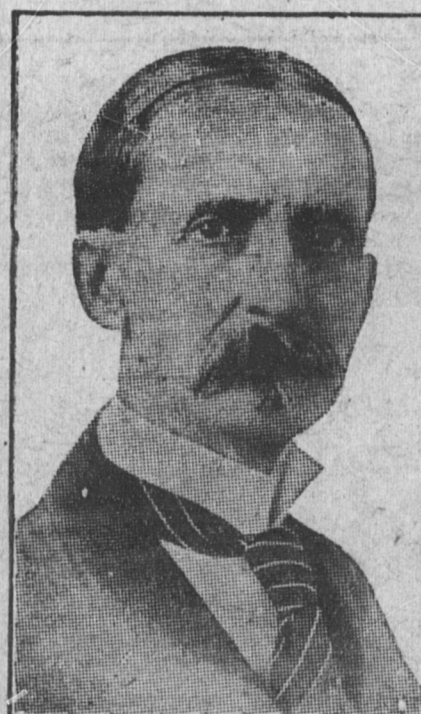

Authorities of Oppen, Upper Silesia, have been informed that United States troops will occupy the province until citizens decide whether they wish to remain under German rule or belong to Poland. President Erbert, Germany, announces that it will be necessary to raise taxes 900 per cent. A plea for volunteers to man the transportation lines in Berlin in place of strikers has been made by the Government.

HERO KILLED TRYING TO VISIT SWEETHEART

Geneva, July 10.—A French soldier, aged 24, who has been at the front since 1914, and won the war cross, presented himself to the French guard at Neuchatel on the Swiss frontier and said that he must visit his fiancée in Switzerland whom

he had not seen in three years. When the guard said that it was impossible to let him pass, the soldier declared, "I am going even if you shoot me. I must see her." As he crossed the frontier the guard fired and the soldier fell dead.

BLACK IS A WINNER

It is generally conceded that Governor James D. Black will be an easy winner of the Democratic nomination for Governor in the August Primary.

The people are for him.

He is the logical candidate. His great service to the ticket in 1915 should not go unrewarded.

He is 10000 votes stronger than any other candidate.

In 1915 he reduced the Republican majority in 35 counties in Eastern Kentucky, nearly 5,000 votes.

His majority over his opponent was from 4000 to 8000 more than the majority of the other members of the ticket over their respective opponents.

He is the best campaigner, the best debater, the most pleasing speaker, by far, of any candidate offering for Governor on the Democratic ticket.

In him, Democracy has an invincible champion.

HE'S A WINNER--VOTE FOR HIM AND
DEMOCRATIC SUCCESS IN NOVEMBER!

He will speak at the Court House Tuesday, July 22, at 1:30 p. m. Don't fail to hear Him.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

PRESIDENT TO FACE

President Wilson will face a Senate divided into two bitter factions when he delivers his message to that body. Republican senators are determined to bring about separation of the peace treaty and the League covenant and the President is ready to make the fight of his career to prevent such a step. Democratic senators are organized to resist the attack by the G. O. P. chiefs. Political students are confident that the Democratic Administration will win and declare a Republican victory is impossible.

LOUISIANA SUGAR CROP LESS BY 100,000 TONS

New Orleans, July 9.—The Louisiana cane crop deteriorated 9.1 points in June and the yield of sugar for the coming season is estimated near 100,000 short tons less than last year, according to a report of John S. Dennee, Louisiana field agent for the Government Bureau of Crop Estimates. Condition of the cane crop July 1 was fixed at 62.9.

WEDDING BELLS

Pool-Waters.

A wedding that took place in Los Angeles on Thursday and of much interest here, where both bride and groom are well known, was that of Orville Waters and Miss Hallie Pool. Miss Pool, with her parents, Mr. and Mrs. James S. Pool, lived here for several years, arrived in Los Angeles Wednesday from Bainbridge, Ky., where her father now has large farming interests.

Mr. Waters met his bride-to-be in Los Angeles and accompanied by Mr. and Mrs. Harold Henshaw, formerly of Santa Ana but now of Los Angeles they went to the pasonage of the First Christian church, where they were married by Rev. James I. Myers.

After a honeymoon trip by automobile, including stops at several of the Southern beach resorts, Mr. and Mrs. Waters arrived last night in Santa Ana where they will occupy the home owned by Mr. Waters at 722 South Van Ness Avenue.—Santa Ana Register.

ITEMS FROM TRIGG

Geo. W. Crenshaw and W. R. Crawley, former Trigg countians, were last week elected directors of the Business Men's Association at Hopkinsville. Very few things worth while have taken place in Hopkinsville of late that some former Trigg county citizen was not a prominent factor in the deal.

Mr. and Mrs. Noble Hall and little son, Scott Wilson Hall, came down Friday from Hopkinsville and remained here until Monday visiting Mrs. Hall's mother, Mrs. Lucy S. Wilson.

Miss Rheda Wadlington, who has been employed in domestic science work in Boyd county for the past year reached home Tuesday and will be with her parents, Mr. and Mrs. Tandy Wadlington, near Montgomery, for some time.

Mrs. J. R. Averitt and children, of Hopkinsville, returned to their home Monday after a visit of ten days to Mr. Averitt's sister, Mrs. Q. M. Peal, near Rock Castle.

Mrs. R. E. Wiley, of Hopkinsville, is here this week visiting her parents, Mr. and Mrs. E. C. Morse.—Cadiz Record.

"NATIONAL HONOR" SLOGAN OF EIGHTH DISTRICT LEADERS

WAR LOAN ORGANIZATION MANAGERS HOLD ENTHUSIASTIC MEETING IN ST. LOUIS.

CONFIDENT OF QUOTA

"Our Job Is Before Us and People Will Not Repudiate Debt of Honor," says Compton.

"National Honor" will be the keynote of the Fifth or Victory Liberty Loan campaign that opens April 21, according to W. R. Compton, Federal Director of War Loans for the Eighth District, who addressed the district managers of the War Loan Organization of the Eighth Federal Reserve District last Monday at the Mercantile Club building, St. Louis.

In welcoming the visiting chairman, David C. Biggs, newly appointed governor of the Federal Reserve Bank, said that he had confidence that the Eighth District would again be the first to subscribe its quota.

Mr. Compton stated that at the time of the signing of the armistice, the government was compelled to spend at the rate of \$2,000,000,000 a month. He explained that in anticipation of the Victory Loan \$4,300,000,000 of certificates of indebtedness had been issued and must now be taken up.

"Our job is before us," said Mr. Compton, "and I cannot believe that the American people will repudiate a debt of honor. The person who does not pay his debts does not have a good standing in the community. A nation that will not pay its debts has no standing in the great world family."

Mrs. Theodore Benoist, director of the Women's War Loan Organization, stated that 150,000 women were ready to begin work at the command of the government in this district.

Vincent L. Price, sales director, explained to the managers the sales plans and urged them to get their sales organizations perfected to be ready for the state meetings which will begin within the next two weeks.

H. S. Gardner, publicity director, explained the publicity campaign and urged the chairmen to arouse the latent spirit of patriotism in their communities.

Tom K. Smith, vice president of the War Loan Organization and chairman of the Bankers' Division urged that the bankers take an active part in the selling campaign.

A. O. Wilson, chairman of the Speakers' Bureau, explained the speakers' program and said that returned soldiers would be used as speakers during the campaign.

Representing the women of Illinois, Mrs. William H. Hart, chairman of the women's organization in Illinois, addressed the Monday meeting. She urged the women to impress on the purchasers the honor of holding their bonds. Mrs. Edward Torrance spoke in place of Mrs. Fred Lauenstein of Indiana. R. W. Akin of Sullivan, Ind., declared that he was glad of an opportunity to work in the loan and serve his country.

E. T. Frank of Owensboro, Ky., pledged the full share of Kentucky's quota of sales and co-operation. Lieut. Ewert gave a graphic account of the life of a soldier from the time he arrived in the training camp in this country until he at last arrived in active service.

NAVY FIRES OPENING GUN

"Watch the Navy" is slogan on Eve of Victory Loan Campaign.

The first shot in the Victory Liberty Loan Campaign, which will be opened officially April 21, was fired by Joseph Daniels, Secretary of the Navy, just before he sailed for Europe. Thus the Navy, as is fitting, has, several weeks before the regular campaign begins, started off the Victory Liberty Loan, setting a patriotic example for the rest of the country to follow.

"Subscribe for \$5,000 worth of bonds for me," Secretary Daniels told Rear Admiral T. J. Cowie, U. S. N., the day he sailed. At the same time he revived the stimulating slogan used so successfully in the Fourth Liberty Loan, "Match the Navy." With our far-flung Navy holding safe the seven seas, the "Match the Navy" appeal, made originally by Admiral Cowie to Secretary of the Treasury McAdoo, did much to popularize the loan and carry it to success. Now, in the face of our Navy's brilliant achievements, Secretary Daniels' revival of the "Match the Navy" idea takes on an added significance and will serve as a boost for the loan all over the country.

SECRETARY GLASS SAYS:

"Talk about sacrifice of the American people! What is meant by sacrifice? Is it a serious sacrifice to invest one's money in the interest-bearing obligations of one's own government to make everlastingly secure the nation's freedom as well as the nation's property?"

Interested in Film Productions to Be Made at Methodist Celebration at Columbus, O.

DR. JAMES E. CROWTHER AND D. W. GRIFFITH.

The support of the motion picture world as represented by D. W. Griffith, well known film producer, was assured the Methodist Centenary Celebration at a conference in Columbus, the celebration being represented by Dr. S. Earl Taylor of New York, Dr. J. E. Crowther of Seattle, Dr. Fred Fisher of New York and Dr. C. F. Reiser of New York.

Mr. Griffith, in addition to promising to make a film of all important features of the Centenary Celebration, strongly urged the use of motion pictures in the advancement of religious work. He spoke strongly of the possibilities of the motion pictures under proper supervision being made to carry a religious message further than any known form of communication.

Dr. S. Earl Taylor, director general of the Centenary Celebration, made the statement that "we want pictures that talk the universal language. I believe the message of peace and good will should be preached to the world through pictures."

"I am glad to know they are going

to give motion pictures a practical demonstration at the Centenary Celebration," said Mr. Griffith. "The celebration will give the people in towns and villages a wonderful opportunity to visit the entire world by going no further than Columbus. There will be an extraordinary impression produced by seeing these villages of China, Japan and India, not peopled by amateurish actors, but inhabited by real natives from foreign lands."

"I have been astounded beyond measure at the breadth, extent and scope of the entire scheme as it has been revealed to me by Dr. Taylor, Dr. Crowther, Dr. Reiser and others. I understand the Methodist Church has \$140,000,000 and is going to celebrate its success with something more nearly resembling a world fair than anything else to which it can be compared. One would think that a great nation at least is behind the movement. Doubtless, something greater than the greatest nation is behind it—a reawakened ideal and faith inspired to bind up the wounds of a torn and outraged world."

Columbus Can Well Accommodate All Who Attend Methodist Celebration, Officials Say

NO CROWD which has been proposed for the Methodist Centenary Celebration will swamp Columbus, according to Mayor George J. Karb, who has received some inquiries from distant points regarding the ability of the Capital City to take care of the hundreds of thousands of Methodists coming from all over the United States for the Centenary Celebration, June 20 to July 12.

Mayor Karb says: "Columbus has always been equal to any situation. We are not going to fall the exposition crowds, no matter how many thousand there are. Tell them to come to Columbus town. We are ready with open hearts and open doors. Columbus can do it."

James T. Daniels, secretary of the Chamber of Commerce, says: "We can easily and satisfactorily accommodate three hundred thousand visitors." Organizing Secretary H. B. Dickson says: "Three hundred thousand my minimum estimate of attendance. Confident Columbus can take care of twice that number."

Collection of Indian Curios at the Methodist Centenary Celebration

WHAT has been pronounced the greatest private collection of Indian curios in America has been loaned to the Methodist Centenary Celebration at Columbus, O., by H.

W. Palm, an Indian trader of Ortonville, Minnesota. Mr. Palm is here shown with some of his interesting relics.

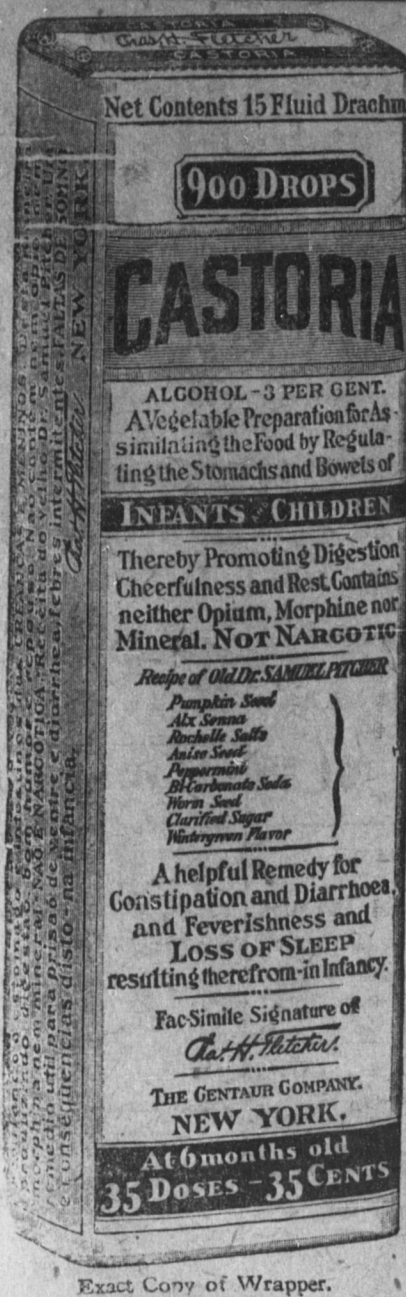

Indian exhibitions will have a considerable place in the Celebration. Pueblos will unconcernedly mold pottery before throngs of curious spectators, just as their grandfathers did before the white man invaded their lands. Navajos will weave rugs and St. Regis make baskets—all actually living in their native homes, be they pueblos or wigwams.

NO SEATS RESERVED

First Come, First Served, at Coliseum at Methodist Centenary

At a conference of Director General S. Earl Taylor, Dr. Fred B. Fisher, H. B. Dickson and other members of the Centenary Exposition staff, it was decided that there will be no seats reserved in the Coliseum for "The Wayfarer" pageant presentations at the Methodist Centenary Celebration, Columbus, O., June 20-July 12.

All seats will be available to spectators as soon as the doors of the Coliseum are opened each evening. "It will be a case of 'first come, first served,'" says Mr. Dickson. Section tickets to the exposition grounds admit the bearer once to the pageant in the Coliseum. Single admission fees at the gate require an additional fifty cents for the Coliseum evening feature.

Origins of Military Titles.

Commodore and commander are forms borrowed and corrupted from the Spanish *comendador*, a knight, a commander, or the superior of a monastery. The French have the word *commandeur*, the Italian *comandatore*. Commandant, however, meaning the officer of a fortified town's garrison, etc., comes from the medieval Latin *commandator*, a commander, and *commandare*, to command.

Hemp Tree's Many Products.

The hemp tree is one of the most versatile plants in the world. From it comes, besides rope and wrapping paper, the drug hashish, called by its devotees "the joyous," obtained by boiling the leaves and flowers with fresh butter; a valuable vegetable oil, a cake used by the farmers for their stock, and the finer varieties are used for cloth, coat-laces and braids. A great deal of the seed is exported for canary seed.

Opportunity to Be Seized.

A porter in London was engaged in cleaning a luggage van, when the door swung back, striking him violently on the head. "Oh! Pat," he exclaimed to an Irishman standing on the platform, "I believe I've cut open my head." "Well, begor, now's the time to get something into it," was Pat's witty reply.

Possibly Hadn't Been Introduced.

Arthur owned a bulldog that he had seen tearing to hunt rats, and whenever he called out the word to him he would run frantically to various places to scratch. A neighboring woman was so amused at the performance that she wanted to show the dog's tricks to her son, but to her repeated call of "rats" the dog only stood and looked at her. "Oh," said Arthur coming up at this point, "he doesn't know your rats."

Proper Care of Palms.

To make palms thrive in a new room, sponge the leaves once a week with lukewarm water. After a little milk has been added to this stand the pot in lukewarm water high enough to completely cover it for two hours. This is the only satisfactory method of watering; and many plants are killed every year simply because people neglect to water them properly. Pouring a little water on the plant is of no use, and standing it in a saucer of water does very little good.

The banjo, one of the rarest of musical instruments, was originated in Virginia in the ante-bellum days the first one being made by an Irishman named Sweeney. It at once became popular with negro musicians. A. A. Farland, of Plainfield, N. J., is the world's greatest banjo player.

Length of Lobsters.

Whatever may be the excellent intent of the bill filed in the Massachusetts legislature reducing the length of lobsters that may be legally taken from 9 to 8 inches, the measure might well be entitled a bill to further the extermination of the lobster. The lobster is rapidly disappearing, partly, at any rate, because young and immature specimens are permitted by law to be caught. The present 9 inches in this state is shorter than the Maine law allows—and that is none too long.—Boston Post.

IN THE SCHOOLS OF CHRISTIAN COUNTY

School teachers are scarce this year and as a result a number of the schools are still unsupplied. North of Hopkinsville, in Divisions 1, 2 and 3, the schools usually start the first Monday in July. But this year several of these schools have been unable to get under way on account of not having teachers.

Two of the schools in the county are not permitted this year, owing to the fact that the school census shows less than the required number of children of school age in the district.

The list of schools, together with the trustees and the teachers, where same have been secured, is as follows:

DOCTOR URGED AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—NELLIE B. BRITTINGHAM, 609 Calverton Rd., Baltimore, Md.

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal!
